ENDOMETRIOSIS CONSENSUS STRASBOURG 2022

SEPTEMBER 2022 | 15 • 16 • 17

Scientific Exchange and Opportunities

Introduction:

MIS Academy is delighted to share with you its newest endeavor in Minimally Invasive Surgery that addresses multiple subjects in "Endometriosis Consensus".

Endometriosis Consensus Strasbourg congress is timely and important. Times are changing for evidence based medicine, grades of evidence, and guidelines. The bottom line is that clinical experience, on specialists' perspective is becoming increasingly valuable.

As lives begin to return in its normal phase, MIS Academy is continually looking for ways to enhance the congresses it holds. The pandemic crisis did not deter the organization from developing an innovative project that will surely promote excellence in surgical education.

All About the Congress:

Endometriosis Consensus Strasbourg is commencing the collaboration of MIS Academy: Dubai and IRCAD: France. The congress will be attended by faculties and delegates from Europe, North and South America, Asia, and MENA Region. The event will take place at the **IRCAD Facility in Strasbourg, France**, on **September 15, 16, and 17, 2022**.

The Program Format

The congress intends to address the most controversial aspect of the given subject in Endometriosis. Delegates will be treated to a high-quality scientific program and stimulating debates designed by worldwide experts.

Day 1, September 15: Surgical Marathon & Atelier Session

🔗 **Surgical Marathon.** Well-known surgeons from different countries will engage in a "Surgical Marathon", with all cases being performed in their respective facilities. Attendees can witness exceptional live surgical techniques on different Laparoscopic and Hysteroscopic cases.

🔗 **Atelier Session.** To make the program more remarkable, an "Atelier Session" with 8 subjects related to Endometriosis will be in parallel to the surgical marathon.

Day 2, September 16: Atelier Session

🔗 **Atelier Session.** Another set of 8 subjects will be discussed on the second day, bringing the total number of Atelier subjects to 16.

Day 3, September 17: Day of Consensus

🔗 **Consensus.** A synthesis presentation on each subject will be conducted on the last day of the congress to summarize all of the obtained data. Each chairman will expose the agreement of the controversial issues on the subject, with the goal of serving as a guideline in the future.

ENDOMETRIOSIS CONSENSUS STRASBOURG 2022

SEPTEMBER 2022 | 15 • 16 • 17

6 REASONS WHY DELEGATES SHOULD ATTEND THIS CONGRESS

1. Providing broad connection to the highest scientific, clinical and social exchange
2. Establish new contacts and collaborations
3. Provide a precise consensus statement to serve as formal publication of the gathered synthesis.
4. Addressing all of the controversial concerns surrounding Endometriosis.
5. Surgical knowledge and clinical career development
6. Meet and interact with the industry colleagues and experts

WHY THIS CONGRESS IS THE BEST PLACE FOR PARTNERS AND EXHIBITORS

1. Seek potential clients around the world
2. Meet existing clients or partners
3. Showcase high-quality products and equipment
4. Create the brand awareness of company
5. Promote surgical techniques through education
6. Expand opportunities to surgeons and healthcare professionals

ENDOMETRIOSIS CONSENSUS STRASBOURG 2022

The Scientific Program of Endometriosis Consensus Strasbourg 2022

Endometriosis Consensus Strasbourg aims to give an answer to the controversial issues on the subject presented. It intends to have a precise consensus statement drafted before the conference and finalized thereafter, where suggestions to adapt guidelines are open for discussion. This congress will also serve as a formal publication of the synthesis gathered all throughout the meeting.

80% Onsite and 20% Online Access!

Delegates will have the opportunity to interact with worldwide experts in order to gain a complete understanding of the subject.

September 15 & 16- Full Onsite Access

September 17 - Onsite and Online Access (Hybrid)

Surgical Video Marathon!

MIS Academy will continue the tradition on Surgical Marathon. Top surgeons will demonstrate full or partial procedures that will be relayed through real-time video feed and commented step-by-step onsite. This is the best place for a surgeon to get the practical answers needed to enhance their daily practice.

Panel of Subjects

World-renowned experts will discuss a wide range of topics including:

- Adolescents
- Endometrioma
- Imaging
- Adenomyosis
- Classifications
- Bowel
- Ureter
- Who Operates?
- Medical Treatment
- Adhesion
- Fertility Enhancement
- FEMTECH in Endometriosis
- Nerves
- Pain
- Adjuvant Treatment
- Patient

The Motto:

"No compromise but consensus."

Atelier Sessions:

The standard "workshop" session will be introduced as "Atelier" where experts of different topics will present the main issues they have gathered while working on subjects related to endometriosis.

Networking:

Meet gynaecologists, general surgeons, internal medicine practitioners, as well as health administrators and legislators from around the world.

Congress President:

Pr. Philippe Koninckx, Professor of Ob/Gyn at KU Leuven University; Visiting Professor and Honorary consultant at the University of Oxford, UK; Visiting Professor, University del Sacro Cuore in Rome, Italy.

Scientific Chair:

Pr. Arnaud Wattiez, Professor of OB-GYN University of Strasbourg, France; Head of GYN Department at Latifa Women and Children Hospital, Dubai, UEA.
